	% or # below expected level (D/F grade)	% or # at expected level (C grade)	% or # above expected level (A/B grade)	
1. Explain the origin of their clan.	4	9	6	It was impressive that some students brought photos from way back.
2. Present and create their family tree as far back as they can go (including any chiefs).	4	9	6	It was impressive that one student could speak a few words of both parents' languages and went especially far back in history. It was disappointing that some students didn't care and just went back a generation or so.
Teaching/learning success: Explain any teaching or learning strategies you found to be effective for students to demonstrate this general education learning outcome.				It worked well when I spoke orally to students and then they did reflections and read orally.
Next steps to improve student learning: Explain any teaching or learning strategies or curriculum you will change in the future to improve student learning with regard to this general education learning outcome.				Absentees and leaving late are a problem. Mabe bring traditional foods to class.
